:	
KAILASH SINGHVI, M.D. :	CONSENT
:	ORDER OF REINSTATEMENT
TO PRACTICE MEDICINE AND :	OF LICENSE WITHOUT
SURGERY IN THE STATE OF :	LIMITATIONS
NEW JERSEY :	

This matter was opened to the New Jersey State Board of Medical Examiners (Board) upon receipt of Respondent's request to remove restrictions on his reinstated license to practice medicine and surgery in the State of New Jersey. Respondent's license had been voluntarily surrendered, with such surrender to have the effect of revocation pursuant to a Consent Order entered on July 14, 2003. The basis for the Order was Respondent's previous surrender of his license to practice medicine in the State of New York via an Order entered on December 3, 2002, due to finding that Respondent engaged in professional misconduct and practiced the profession of medicine fraudulently in violation of New York law.

CERTIFIED TRUE COPY

The underlying conduct upon which these orders were premised resulted in Respondent's conviction of the following violations of Federal law: Conspiracy to Pay Kickbacks to Doctors for Medicare Patient Referrals, in violation of 18 U.S.C. 371; Paying Kickbacks to Doctors for Medicare Patient Referrals, in violation of 18 U.S.C. 1320a-7b(b) 2; Conspiracy to Defraud the Medicare Program in violation of 18 U.S.C. 371; and of 18 U.S.C. 371; and Defrauding the Medicare Program in violation of 18 U.S.C. 1347. Judgment in the criminal matter was entered on April 20, 2006 by the United States District Court of the Southern District of New York, sentencing respondent to time served and three years of supervised release. Respondent was further required to pay a fine of \$5,000.00, which payments have been satisfied. Respondent had entered into a plea agreement with regard to the criminal conduct on July 10, 2001, but was not sentenced until 2006 because he had been cooperating with government authorities in certain investigations.

Under the terms of the Consent Order with the Board filed on July 14, 2003, Respondent was not permitted to file an application for reinstatement of his New Jersey medical license for a three year period following the entry of the Order. On May 31, 2007 the Board filed a Consent Order of Reinstatement of License with Restrictions. Thereafter, per Respondent's request, on March 31, 2008, the Board filed a Consent Order of Reinstatement of License with Restrictions clarifying that Respondent's scope of practice

was confined to the practice of gastroenterology and internal medicine. On June 10, 2009, the Board reviewed a Preliminary Evaluation Committee's recommendation that Respondent has fully complied with and satisfied all previously filed New Jersey Board orders and Respondent of his own volition, successfully completed a billing and documentation course. The Board having determined that Respondent has demonstrated that he is sufficiently rehabilitated to reenter the practice of medicine without any restrictions, and that the within Order is sufficiently protective of the public, in lieu of further proceedings, and for other good cause shown,

IT IS ON this 12th day of November , 2009

HEREBY ORDERED AND AGREED that:

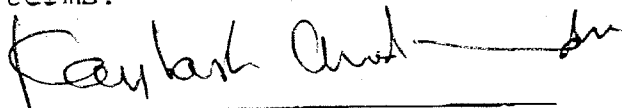

1. Respondent's petition to remove the restrictions on his license to practice medicine and surgery in the State of New Jersey is granted.
